1. During the week of 10 May, I visited the area at [REDACTED] and [REDACTED] for the purpose of technical discussions.

2. At [REDACTED] I met with Mr. [REDACTED] where we reviewed the technical work and made a complete review of the equipment inventory records. As of 11 May, each set of records completely agree. It was suggested that further reporting of the 200 group be stopped. This consists primarily of test equipment and other non-operational items.

3. At [REDACTED] I met with [REDACTED] to review the ELINT functions at this area and to effect liaison between the various contractors who are developing specific pieces for airborne use.
